Water Utility Project

UltraGrip Flange Adaptor –
500mm (498-552mm) PN 10

Project

A water utility company in South East Asia found on inspection that an existing HDPE pipe had a non-standard OD. The quick and easy solution was to connect the pipes using an UltraGrip flange adaptor which has a wide tolerance.

UltraGrip offers an easy transition from one pipe material to another including cast iron, ductile iron, steel, PVC and PE. Enabling a simple, permanent and reliable repair.

Client

Pam Jaya, Jakarta.

Distributor

PT Duta Prima Utama
